

# DESKTOP USB INTERFACE CRADLE

LTI-HID

Desktop USB Interface Cradle

***LogTag Recorders***

The LogTag® LTI-HID uses interface drivers that are built into all currently supported Windows OS versions, so there is no longer any need to install proprietary drivers.

The LTI-HID is compatible with all standard LogTag® recording products having 3 silver contact pins in the lower rear case. It uses the proven and reliable spring contact arrangement taken from the LTI/USB.

\*TRED30-16R and external probe in the image sold separately

## Features

Downloads loggers from -20°C to +60°C.

Two indicators at the top (red & green), identify what actions the interface is currently performing.

No longer any need to install proprietary drivers.

Incorporates a micro USB socket for connection to a computer.

# Applications

---

*Industrial*

*Indoor Spaces*
